

20 September 1957

23 Sept 57

The following information is requested from the source:

1. Soviet and Hungarian type numbers or designations for all radars with which source is familiar.
2. Names, numbers and locations of Soviet Bloc plants where radars are manufactured.
3. Costs or prices of specific types of radar sets.
4. Was sufficient test equipment available and was it of good quality?
5. Comment on the quality of radar equipment and components.
